„Team golf competition for beginners with an entry to the full-sized golf course”

A tournament team game with instructors – we suggest introducing the name of the tournament e.g. (the company name of your customer Golf Cup 2015). The meeting participants are divided into groups of 4-6 people and, along with an instructor, they take part in a training in the rules of golf, and also strike the ball. Each participant plays individually and also in a team. The game takes place at min. 3-4 easiest holes of the golf course. An individual tournament is won by the team that passes through the course with the smallest number of strikes – we can introduce categories: men, women, or division of participants according to the place of residence (e.g. according to provinces, departments etc.) The tournament is organized in the Texas SCRAMBLE fourball formula (every participant plays with his/her ball and the better result of the player in a given group is counted for the score at each hole) – it is a friendly form, motivating the participants to team work.

Instructors lead group on the course, indicate the rules of the game, give hints regarding strikes and strategy of the game. The competition is summarized by the instructors, which is followed by announcement of the results of each team with stark applause from all participants of the meeting.

6:00 PM Departure of the group.
